Preventive Measures after Resumption of Face-to-Face Classes in 1st Semester of Academic Year 2021/2022

Dear Undergraduate Students,

In order to consolidate Macao SAR Government's preventive measures against COVID-19 and to implement the related anti-epidemic measures on campus, students must pay close attention to the situation of pandemic and strictly follow Macao SAR Government's preventive measures.

Regarding the preventive measures after resumption of face-to-face classes, **the University urges students to avoid any unnecessary travelling.** If students have to leave Macao SAR, Zhuhai or Zhongshan for certain reasons, you must take the initiative to make the declaration to the University via this link ([Declaration for Leaving Macao, Zhuhai and Zhongshan](#)). **Please be reminded to provide truthful information in the declaration. If any "underreporting" or "false reporting" is found, the University will impose severe penalties on the student.** You must note that:

- **Online classes will NOT be arranged** for the students who fail to return to the campus for classes due to immigration policy or any other reasons resulted from travelling.
- The University will switch your "Face-to-Face Class Permit" to "Red Note" in accordance with your declaration. During the "Red Note" period, you will not be allowed to attend any face-to-face classes or access any online instructional materials. You will also be considered **absent** during the said period.
- **After you return to your residence in Macao SAR, Zhuhai or Zhongshan, you must:**
 1. Strengthen self-health management and pay close attention to your health condition. Please seek medical attention promptly if you are feeling unwell.
 2. Undergo nucleic acid test (NAT) at designated locations (please refer to the attachment) and submit the negative result to the Registry's office (N6-G002) in-person before resumption of your face-to-face classes. The Registry needs **2 working days** to verify the information and update your "Face-to-Face Class Permit" to "Green Permit".
