## Principals' Recommended Admission (PRA) Rules 2020/2021

### 1. Introduction

As the primary comprehensive university in the region, the University of Macau (UM) is committed to fostering local high quality and well-round talents as our mission. To this end, the **“Principals’ Recommended Admission Scheme”** is established to allow local secondary schools to recommend outstanding students for direct admission and all qualified students will be granted different types of scholarship. In order to extend admission opportunities for students with diverse talents, two additional schemes are devised under the scope of current Principals’ Recommended Schemes – namely the **“Chinese and Portuguese Bilingual Talent Nurturing Scheme”** and **“Outstanding Student-Athletes Admission Scheme”**. The former aims to cultivate outstanding local Chinese and Portuguese talents for Macao S.A.R. while the latter encourages local student-athletes to pursue higher academic qualifications and to continue to make breakthrough in their sports achievement.
