However, if a student withdraws from the University after completing all the courses and examinations of a semester, all academic credits/grades are given for the courses

# **The University of Macau**

## **General Rules Governing Bachelor's Degree Programmes**

taken in that semester.

3. Students who withdraw from the University and later wish to return must apply for re-admission of study. Re-admission of study is not granted automatically. However, the procedures for resumption and re-admission are different from each other. Re-admission is with lower priority than resumption of study during application consideration and is subject to quota availability. Also, discontinued and inactive students are with lower priority than withdrawn students for re-admission.
3. It should be noted that the total duration for deferment of study, withdrawal of study, and inactive period should not exceed six semesters altogether, and the inactive period should not exceed two semesters independently. When students apply for resumption of study, they should submit written applications to the Registry before the first day of a certain semester for the approval from the Dean of student's home academic unit. Any applications submitted on/after the first day of classes will be directly rejected by the Registry. The applicants must meet all the admission requirements prevailing at the time of resumption and successful applications will be effective in the specific semester required by the students.

In addition, all resuming students who have deferred their studies due to health issues are required to submit a Medical Examination Report (REG/Form/015) to the Registry during the resumption process. This report is to prove that the student has recovered from the health issues and is capable of pursuing his/her studies at the University. If a student has already had a medical check-up within three months prior to resumption, he/she may submit a certified true copy of that medical report.
